*The 5-year ATC Block Energy product was originally offered in UGI's Spring 2025 Block Energy RFP held in April 2025. This product did not receive any bids in April 2025 and is being rebid in UGI's 2025 RFP #2 to be held in July 2025 with a supply term of September 1, 2025, through August 31, 2030. UGI will serve the 10 MW block that was not procured in April 2025 from June 1, 2025 through August 31, 2025.
