Results of the 2025 RFP #2 Under UGI's DSP V

On August 1, 2025, the Pennsylvania Public Utility Commission approved the results of the Second Request for Proposals ("2025 RFP #2") under UGI's fifth Default Service Program ("DSP V"). The Secretarial Letter is available on the PUC website.

The products procured under the 2025 RFP #2 are to supply UGI's GSR-1 Group consisting of residential and smaller commercial and industrial customers with peak loads of less than 100kW.

Table 1: 2025 RFP #2 Results

Product	Supply Period	Supply Size	Winning Bid Price ($/MWh)
60-Month ATC Block	September 2025 – August 2030	10 MW	42.25
12-Month Fixed Price Load Following Full Requirements	December 2025 – November 2026	50%*	83.58

**Note: the load following obligation is based upon the total GSR-1 default service customer load share after the application of the ATC Block energy-only supply contracts and an allocation of capacity and associated energy from the New York Power Authority.*
