Result of the 2026 RFP #4 Under UGI's DSP V

On July 31, 2026, the Pennsylvania Public Utility Commission approved the results of the Fourth Request for Proposals ("2026 RFP #4") under UGI's fifth Default Service Program ("DSP V"). The Secretarial Letter is available on the PUC website.

The product procured under the 2026 RFP #4 is to supply UGI's GSR-1 Group consisting of residential and smaller commercial and industrial customers with peak loads of less than 100kW.

Table 1: 2026 RFP #4 Result

Product	Supply Period	Supply Size	Winning Bid Price ($/MWh)
12-Month Fixed Price Load Following Full Requirements	December 2026 – November 2027	50%*	93.06

**Note: the load following obligation is based upon the total GSR-1 default service customer load share after the application of the ATC Block energy-only supply contracts and an allocation of capacity and associated energy from the New York Power Authority.*
